

2006A Spring Cycle Acquisition Projects

Projects acted favorably upon by the Committee and the Board of Trustees will remain eligible for further review later this year.

Note that some applicants included funds for a stewardship endowment in their requested grant amount and some included only the annual monitoring costs.

Prior to making final funding recommendations, the Acquisition Committee, Stewardship Committee and staff will need to agree on how to calculate the stewardship endowment amounts and adjust the grant amounts accordingly for those applicants that included only annual monitoring costs.

Item No.	CWMTF No.	Applicant / Project	Amount Requested	Field Rep
